

Indexes

(Volume 29, 2013)

No.1.	January.....	Page	1-61
No.2.	April.....	Page	62-130
No.3.	July.....	Page	131-188
No.4	October.....	Page	189-252

Subject Index

Abstracts: 29: 57-8, 124-5, 184-5, 242-3.

Adnexa

- Conservative management of congenital eversion of the upper lid in a nigerian child 29: 186.
- Frontalis suspension for unilateral ptosis with poor levator function 29: 3-7.

Obituary

- Prof. Syed Ali Haider (1962 -2013)

Cataract

- Congenital cataract: morphology and management 29: 151-5.
- Prevalence of hepatitis b and c in urban patients undergoing cataract surgery 29: 147-50.

Cataract Surgery

- Intraocular pressure after IOL implantation with hydroxypropylmethylcellulose 2% vs hydro-implantation 29: 12-5.
- Negative dysphotopsia after uncomplicated phacoemulsification 29: 53-6.

Community

- Correlation between axial length and retinal nerve fiber layer thickness in myopic eyes 29: 169-72.
- Conjunctival leiomyoma "A Case Report" 29: 177-9.
- Endophthalmitis in immunocompromised patient 29, 238-41.
- Features, causes and prevention of toxic anterior segment syndrome (tass) - an outbreak investigation 29, 100-5.
- Prevalence of hepatitis B and hepatitis C in elective ocular surgery (Rural Origin) at Shifa Eye Hospital, Khanpur 29, 31-3.
- Review of outpatient department Spencer Eye Hospital (A study of 1900 patients) 29, 16-20.
- Tuberculosis (TB) - An ophthalmic perspective 29, 46-9.

Conjunctiva

- Comparison between topical olopatadine hydrochloride 0.1% and ketotifen fumarate 0.025% for the relief of symptoms of vernal keratoconjunctivitis (VKC) 29, 202-5.
- Use of Silver Nitrate in Superior Limbic Keratoconjunctivitis 29, 180-3.

Cornea

- Can subconjunctival bevacizumab injection regress corneal neovascularization? 29, 21-5.
- Complications of contact lenses; a clinico-experimental study to evaluate the effects of bacterial contamination 29, 137-46.
- Correlation between central corneal thickness measurements using two different ultrasonic pachymeters 29, 214-7.
- Descemet's membrane detachment repair with sodium hyaluronate after phacoemulsification 29, 110-5.
- Efficacy of sub-conjunctival bevacizumab in high risk corneal transplantations 29, 206-9
- Epidemiology of microbial keratitis in a tertiary care center in Karachi 29, 94-9.
- Lasik in hyperopic eyes with congenital nystagmus: A Case Report 29, 106-9.
- Prophylactic use of mitomycin - c on haze formation in photorefractive keratectomy 29, 134-6.
- Role of topical human milk in the treatment of neurotrophic corneal opacity 29, 192-7.
- Surgically induced corneal astigmatism in conventional 20 - gauge versus trans-conjunctival sutureless 23 - gauge vitrectomy 29, 228, 31.

Editorial

- Cataract and refractive surgery 29: 62-3.
- Ophthalmic challenges in our community 29: 1-2.
- Recent advancements in management of uveitis 29, 189-91.
- The basics of research in ophthalmology 29, 132-3.

Glaucoma

- Comparison of changes in intraocular pressure after subtenon triamcinolone acetonide and topical dexamethasone 29, 160-3.
- Needle revision of failed drainage blebs with mitomycin - c 29: 64-7.
- The Effectiveness of conventional trabeculectomy in controlling intraocular pressure in our population 29, 26-30.

News and Events: 29: 60-1, 130, 187, 245.

Orbit

- Cryo assisted minimally invasive surgery for the treatment of orbital cavernous haemangiomas 29, 116-23.

Retina

- Alcohol related toxic optic neuropathy case series 29, 173-6.
- Association between hyperhomocysteinemia and diabetic retinopathy 29, 197-201.
- Bilateral symmetric retinal pigmentation versus heterochromia: A case of waardenburg syndrome 29, 50-2.
- Retinal detachment surgery in oculocutaneous albinos patient 29, 235-7.

Sclera

- Role of topical cyclosporin in scleritis: a case series 29, 68-72.

Squint

- Adjustable sutures in constant exotropia 29, 192-6.

Trauma

- A clinico-epidemiological study of ocular trauma in Indian university students 29, 80-8.
- Epidemiology of age related macular degeneration (AMD) and it's associated ocular conditions and concomitant systemic diseases cataract 29, 210-3.
- Non-surgical management of traumatic non-penetrating hyphaema among nigerian ophthalmologists 29, 89-93.
- Non-penetrating eye injuries in victims of bomb blasts and mine blasts 29, 8-11.
- Non-penetrating eye injuries in victims of bomb blasts and mine blasts 29, 127.
- Visual outcome of ocular trauma 29, 34-9.

Vitreous

- Comparison between 23 - Gauge and 25 - Gauge pars plana vitrectomy for posterior segment disease 29, 40-5.

- Effectiveness of intravitreal bevacizumab in various ocular diseases 29, 73-9.
- Role of intravitreal bevacizumab before pars plana vitrectomy in patients with vitreous hemorrhage due to proliferative diabetic retinopathy 29, 156-9.
- Safety of 23 gauge transconjunctival sutureless 3 port pars plana vitrectomy for vitreoretinal diseases 29, 164-8.

Author Index

Ahmad A: Comparison between 23 - Gauge and 25 - Gauge pars plana vitrectomy for posterior segment disease 29, 40-5.

Abstracts Index

Cornea

- Corneal cross - linking as a treatment for keratoconus four - year morphologic and clinical outcomes with respect to patient age 29, 124.
- Corneal collagen cross-linking with riboflavin and ultraviolet a irradiation for keratoconus 29, 184.
- Effect of corneal collagen cross - linking on corneal innervation, corneal sensitivity, and tear function of patients with keratoconus 29, 124.
- Long-term rejection incidence and reversibility after penetrating and lamellar keratoplasty 29, 57.
- Role of corneal collagen cross-linking in pseudophakic bullous keratopathy a clinico pathological study 29, 243.

Glaucoma

- Detection of glaucomatous progression by spectral-domain optical coherence tomography 29, 185.
- The effect of an Ahmed glaucoma valve implant on corneal endothelial cell density in children with glaucoma secondary to uveitis 29, 58.
- Twenty-four hour efficacy with preservative free tafluprost compared with latanoprost in patients with primary open angle glaucoma or ocular hypertension 29, 243.

Lacrimal

- Incidence of canalicular closure with endonasal dacryocystorhinostomy without intubation in primary nasolacrimal duct obstruction 29, 185.

Retina

- Displacement of the retina and its recovery after vitrectomy in idiopathic epiretinal membrane 29, 125.
- Persistent outer retinal fluid following non-posturing surgery for idiopathic macular hole 29, 244.
- Surgical management of rhegmatogenous retinal detachment: A meta-analysis of randomized controlled trials 29, 184.
- Treatment of coats' disease with intravitreal bevacizumab 29, 57.

Tumor

- Lesions simulating retinoblastoma (pseudo-retinoblastoma) in 604 cases results based on age at presentation 29, 57.

Vitreous

- Spontaneous vitreous hemorrhage in children 29, 244.
