No.1.	January.....	Page	1-54
No.2.	April.....	Page	55-118
No.3.	July.....	Page	119-173
No.4	October.....	Page	174-239

## Subject Index

**Abstracts** 27: 49-50, 116-7, 171-2, 229-30.

### Adnexa

- Outcome of delayed lacrimal probing in congenital obstruction of nasolacrimal duct 27: 176-80.

### Anterior segment

- Safety and efficacy of subtenon anesthesia in anterior segment surgeries 27: 133-7.

### Cataract Surgery

- Complication and visual outcome after paediatric Cataract surgery with or without intra ocular lens implantation 27: 30-4.
- Complications of hypermature cataract and its visual outcome 27: 58-62.
- Comparison between acrylic hydrophilic and acrylic hydrophobic intraocular lens after phacoemulsification 27: 222-6.
- Prevalence of hepatitis B and C in the patients undergoing cataract surgery at eye camps 27: 27-9.
- Safety and visual outcome of scleral sutured posterior Chamber intraocular lenses (SS-PC IOL) 27: 160-4.
- Surgically induced astigmatism comparison between forceps and injector delivery system for foldable IOL in phacoemulsification 27: 63-7.
- Visual outcome and complications in ab-externo scleral fixation IOL in aphakia 27: 73-7.

### Community

- Blindness and poverty 27: 165-70.

### Conjunctiva

- Topical use of cyclosporine in the treatment of vernal keratoconjunctivitis 27: 121-7.

### Cornea

- Amniotic membrane transplantation in ocular surface disorders 27: 138-42.
- Latanoprost and herpetic keratitis 27: 227-8.

- Preliminary results of UV – A riboflavin cross-linking in progressive cases of keratoconus, in pakistani population 27: 21-6.
- Three years clinical audit of patients presenting in cornea clinic at a tertiary care 27: 196-200.

### Consensus document

- Consensus document on the use of avastin (bevacizumab) in retinal pathologies 27: 103-5.

### Diagnostics

- Ultrasound and computerized tomography 27: 146-51.

### Editorial

- Complications and management of glaucoma surgery 27: 55.
- Eales' disease-A distressing mystery 27: 119-20.
- Femtosecond laser assisted cataract surgery 27: 174-5.
- Reminders and regrets 27: 1-2.

### Eye Lids

- Basal cell carcinoma presentation, histopathological features and correlation with clinical behaviour 27: 3-7.

### Glaucoma

- 5-fluorouracil as an adjunct in glaucoma filtration surgery in younger age group 27: 12-6.
- Intraocular pressure control and post operative complications with mitomycin – C augmented trabeculectomy in primary open angle and primary angle-closure glaucoma 27: 35-9.
- Post-keratoplasty glaucoma in secondary trans-scleral fixation of posterior chamber intra-ocular lens implant 27: 181-7.

### Infections

- Manifestations of pulmonary tuberculosis in the eye 27: 201-3.

**News and Events** 27: 54, 118, 173, 239.

### Obituary

- Prof. Dr. Tahir Mahmood (1962-2010) 27: 52.

### Paediatric Ophthalmology

- Congenital heterochromia iridis in a nigerian girl child 27: 106-8.

### Ptosis

- Outcome of levator resection in congenital ptosis with poor levator function 27: 128-32.

### Retina

- Assessment of complications secondary to silicone OIL injection after pars plana vitrectomy in rhegma-togenous retinal detachment in early post operative phase 27: 68-72.
- Comparison of raised IOP after pars plana vitrectomy (PPV) using 1000 CST and 5000 CST silicone oil in rhegmatogenous retinal detachment 27: 40-3.
- Frequency and patterns of eye diseases in retina clinic of a tertiary care hospital in karachi 27: 155-9.
- Outcome of silicone oil removal in eyes undergoing 3-port parsplana vitrectomy 27: 17-20.
- Ocular trauma in children 27: 210-4.
- Retinal pigment epithelium rip following serial intravitreal injections of avastin 27: 44-5.
- Unilateral microphthalmos with associated retina detachment in a nigerian child 27: 46-8.
- Visual outcome after intravitreal bevacizumab injection in macular edema secondary to central retinal vein occlusion 27: 84-8.
- Visual outcome following intra-vitreous bevacizumab injection in neovascular age-related macular degenera-tion 27: 89-95.
- Visual outcome after intravitreal avastin (bevacizumab) for persistent diabetic macular edema 27: 188-91.

### Social Worker

- Lt. Gen (Retd) Jahan Dad Khan (a social worker par excellence) 27: 53.

### Trauma

- Pattern of presentation and factors leading to ocular trauma 27: 96-102.
- Visual outcome and pattern of industrial ocular injuries 27: 8-11.
- Visual outcome after primary IOL implantation for traumatic cataract 27: 152-4.

### Tumors

- Effects of primary chemotherapy, radiotherapy plus local treatments on regression patterns of posterior pole retinoblastoma 27: 215-21.

- Imaging in ocular trauma: optimizing the use of ultrasound and computerised tomography 27: 146-51.

- Presentation pattern of retinoblastoma 27: 142-5.

### Uveitis

- Role of initial preoperative medical management in controlling post-operative anterior uveitis in patients of phacomorphic glaucoma 27: 78-83.
- Sympathetic ophthalmitis: a case presentation and review of the literature 27: 109-12.

## Author Index

**Ahmed AM:** Surgically induced astigmatism comparison between forceps and injector delivery system for foldable IOL in phacoemulsification 27: 63-7.

**Ahmed F:** Comparison between acrylic hydrophilic and acrylic hydrophobic intraocular lens after phacoemulsification 27: 192-5.

**Ahmad M:** Safety and visual outcome of scleral sutured posterior chamber intraocular lenses (SS-PC IOL) 27: 160-4.

**Ahmed N:** Visual outcome after primary IOL implantation for traumatic cataract 27: 152-4.

**Ahmed R:** Comparison between acrylic hydrophilic and acrylic hydrophobic intraocular lens after phacoemulsification 27: 192-5.

**Adeosun OA:** Congenital heterochromia iridis in a nigerian girl child 27: 106-8.

**Akinwalere AK:** Congenital heterochromia iridis in a nigerian girl child 27: 106-8.

**Akinwalere AK:** Unilateral microphthalmos with associated retina detachment in a nigerian child 27: 46-8.

**Akram S:** Visual outcome after primary IOL implantation for traumatic cataract 27: 152-4.

**Alvi RH:** Complication and visual outcome after paediatric cataract surgery with or without intra ocular lens implantation 27: 30-4.

**Alvi RH:** Visual outcome and pattern of industrial ocular injuries 27: 8-11.

**Ambreen S:** Sympathetic ophthalmitis: a case presentation and review of the literature 27: 109-12.

## Abstract Index

### Cornea

- Oral mucosal graft with amniotic membrane transplantation for total limbal stem cell deficiency 27: 230.
- Rapid detection of acanthamoeba cysts in frozen sections of corneal scrapings with fungiflora y 27: 49.
- Robotic microsurgery: corneal transplantation 27: 51.

### Glaucoma

- Randomized evaluation of the trabecular micro-bypass stent with phacoemulsification in patients with glaucoma and cataract 27: 116.

### Investigations

- Comparison of macular thickness measured by optical coherence tomography after deep anterior lamellar keratoplasty and penetrating keratoplasty 27: 230.

### Lasers

- Effect of Nd: YAG capsulotomy on the morphology of surviving elschnig pearls 27: 50.

- One - year outcomes of a bilateral randomised prospective clinical trial comparing PRK with mitomycin C and LASIK 27: 49.

### **Retina**

- Antagonism of vascular endothelial growth factor for macular edema caused by retinal vein occlusions: two-year outcomes 27: 116.
- Central serous chorioretinopathy: an update on pathogenesis and treatment 27: 116.
- Intravitreal triamcinolone prior to laser treatment of diabetic macular edema; 24-

month results of a randomized controlled trial 27: 171.

- Management of rhegmatogenous retinal detachment with coexistent macular hole in the era of internal limiting membrane peeling 27: 230.
- Preoperative intravitreal bevacizumab use as an adjuvant to diabetic vitrectomy: histopathologic findings and clinical implications 27: 171.
- Ranibizumab monotherapy or combined with laser versus laser monotherapy for diabetic macular edema 27: 171.
